

THE COMMUNITY HEALTH CENTRE MODEL

WHAT MAKES US HEALTHY?

WHAT WE HEARD FROM YOU

400+ residents and service providers in Renfrew-Collingwood shared their ideas.

YOU WANT

- Services/programs that offer:**
- Support with navigation of the healthcare system
 - Diverse, culturally safe programming
 - Evening and weekend hours
 - Staff who speak different languages
 - Community involvement in decision-making
 - A welcoming atmosphere for all generations
 - Outreach to existing programs

A (physical) space that is:

- Welcoming
- Inclusive
- Colorful
- Naturally lit
- Near transit
- Accessible
- Beautiful
- Enhanced by artwork

BASED ON YOUR FEEDBACK

THE CHC WILL AIM TO

- Increase access to primary care (family physicians and nurse practitioners)
- Provide quality healthcare to underserved populations
- Provide healthcare services at locations outside the medical clinic
- Increase integration between other health and social services
- Include patients as active members of the healthcare team to create better health outcomes
- Increase community programs (pathways to education, food programs, leadership, etc.)
- Improve navigation through health and social services

YOUR VOICE MATTERS!

Get involved with our community-based, community-governed, and community-run Community Health Centre!
